

# 2449CP BLAST MACHINE

The "Trigger Happy Contractor's Choice."

Constant pressure allows for continuous blasting. Less wear and tear on air compressor, reduced fuel or power consumption and less wear of blast pot components.

## AUSTRALIAN MADE

Designed and made in Australia to AS1210 using Australian Plate Steel.

## CONSTANT PRESSURE

Continuous blasting, less wear and tear and reduced energy consumption.

## BUILT TOUGH

Rated to 175 psi (1205 kPa) to meet all situations.

## SAFE

Rated lifting lugs to make handling and transport safer and easier.

## PERFORMANCE

Valving system designed to minimise pressure drop.

## TRANSPORT READY

Rated lifting lugs to make handling and transport safer and easier.

## SITE READY

Forklift slots comply with Australian safety and site standards.

### Specifications

Useable Garnet Capacity: 400kg  
Vessel diameter: 610mm  
Weight: 175kg  
Length: 845mm  
Width: 700mm  
Height: 1330mm  
Volume: 185 litres (6.5 cu ft)

### Option

Pneumatic Deadman Trigger

### Inclusions

Screen & Lid  
Thompson II Valve  
1-1/4" Auto Air Valve  
20m Deadman Control Line  
ECK Electric Deadman Trigger  
Manual Dump with Silencer  
MDR & Australian Design Registration Certificate

### Part Number

0152-2449-30  
0151-2449-30

### Description

Constant Pressure 2449 Blast Machine - Electric  
Constant Pressure 2449 Blast Machine - Pneumatic
