

30/60 MESH

PERFORMANCE

Average profile range 60-90 μm (2.4-3.5mil)

Blasting rates up to 30m²/hr (320ft²/hr)

Consumption rate from 15kg/m² (3lb/ft²)

HIGHLY VERSATILE ABRASIVE FOR MEDIUM TO THICK COATINGS AND GENERAL MAINTENANCE.

KEY PRODUCT FEATURES

Engineered particle size distribution for optimal performance

Ideal for removal of medium to thick coatings and heavy rust

Creates uniform profile to suit majority of coating applications

Increased recyclability, reducing cost and waste

PRODUCT APPLICATIONS

High performing general maintenance abrasive

Uniform surface profile for optimum coating adhesion

Removal of medium to heavy coatings

Removal of medium to heavy rust

PROPERTIES OF AUSTRALIAN GARNET

HIGH HARDNESS

Tougher grains that increases performance and reduce consumption.

HIGH DENSITY

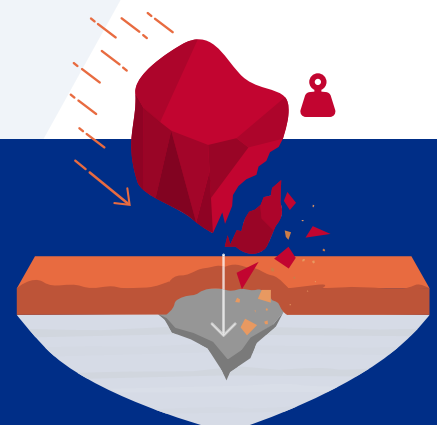

Increased surface impact, creating a deeper more consistent profile

LOW FRIABILITY

Increases recyclability and reduces dust.

SUB ANGULAR

Grains that produce an even profile for increased coating adhesion.

A SUPERIOR ALLUVIAL GARNET, AUSTRALIAN OWNED AND SOURCED, THAT CONSISTENTLY OUTPERFORMS ALTERNATE ABRASIVES.

INDUSTRY APPLICATION

- OIL AND GAS
- STEEL FABRICATION
- PIPELINES
- MARINE VESSEL MAINTENANCE
- CONSTRUCTION
- INFRASTRUCTURE

YOUR CHOICE OF GARNET MATTERS MORE THAN YOU THINK. CHOOSE GARNET FROM A PURE SINGLE SOURCE PRODUCTION.

Australian Garnet 30/60 Mesh premium abrasive is a versatile product for removal of medium to heavy grade coatings or rust. The superior mineral properties of Australian Garnet enable high productivity rates and an exceptional surface finish.

FOUR REASONS TO CHOOSE AUSTRALIAN GARNET

PURITY

Supplied from a single high quality alluvial garnet source, providing consistent high quality and purity.

PRODUCT

Engineered to deliver optimized performance outcomes, meeting international standards and coating specifications.

PROCESS

State-of-the-art wet and dry processing plants produce a premium garnet with low chlorides, low dust and optimal particle sizing through stringent quality control.

PACKAGING

Premium color coded heavy duty packaging for safe handling and transport, and increased storage life.

AUSTRALIAN GARNET'S PROMISE

**RISK REDUCTION
EASIER ON
ASSETS AND
TRANSPORT**

**SUPERIOR
PERFORMANCE
TOUGH AND
ECONOMICAL**

**SAFER
FOR ALL
PEOPLE AND
THE PLANET**

**QUALITY
ASSURANCE
